# MANHATTAN AND BRONX COPARTNERSHIP AND CORPORATION DIRECTORY

## Explanation for Users of This Directory

1st. Its arrangement is strictly alphabetical.

2d. (Example) Jupiter Investing Corp. Immediately following the information the wording "(Atty.——, with address)." This will show that the corporation is a new one and the address given is the address of the attorney who represented the corporation in its application for a charter. A later supplement will show the officials when the company has completed its organization and elected its officers.

3d. (Example) Henderson, Theodore & Co. (Arthur Pepman & John Barnes, only.) The word "only" in this example, signifies that same person whose name appears in the style of the firm is not at present a member; in this particular case Theodore Henderson has retired, although his name appears in the style of the firm.

4th. The abbreviations of the various States following after a corporate title denote that information was given our agents that the corporation was chartered under the laws of the State shown.

5th. Names marked (RTN) indicate that such names are Registered in the County Clerk's Office in accordance with Statutory requirements.

## Detailed Description of General Contents

The Directory gives the names of Partners and Special Partners of each firm; the Officers, Capital and Directors of the Banks, Business and Manufacturing Corporations and Insurance Companies and the State under whose laws they were Incorporated; Registered and Unregistered Trade Names and Proprietors thereof; also Foreign Firms doing business in the Boroughs of Manhattan and Bronx, City of New York, with the locations of their home offices and the names of their New York Representatives or Agents.

**NEW INCORPORATIONS:**—Includes a complete record from March, 1929, to May, 1930, of all Incorporated Companies which have filed papers with the Secretary of State at Albany with the statement that their operations were to be carried on in the Boroughs of Manhattan and Bronx. Wherever possible, full information is shown, in cases where no data appears other than the name of the Company, the Capital and names of the Incorporators, together with the name and address of the Attorney who represents them, it is understood that the information was unobtainable up to the time of going to press, further information will be furnished in subsequent supplements as fast as obtained.

**TRADE NAMES REGISTERED AND UNREGISTERED:**—The Registered Trade Names, including the names of the legal owner or owners, are distinguished from the unregistered names by the letters (RTN) in parenthesis immediately following the name, this record is complete to May 15, 1930.

**COPARTNERSHIPS:**—Includes the name of the firm, names of the individual members thereof; nature of business and business address.

**FOREIGN CONCERNS, NATIONAL AND ABROAD:**—Includes the name of the Corporation or Firm, the City and State where the Home Office is located, the name of the New York Agent or Representative, business and local address.

**SUPPLEMENTS:**—In addition to the new concerns gathered by our system of Special Dispatch the Supplements include the names of additional partners, the names of withdrawals, the names of deceased members, the changes in the names of firms, the changes in the business address, Dissolutions, Out of Business, Inactive, etc., all of which keeps the general information practically up to date throughout the eight months following publication of the Directory.

**IMPORTANT FACTS:**—The revision of the old listings and the adding of the new information as contained in this issue was begun March 1, 1930, and as the copy is prepared in alphabetical order the actual revision of the complete work extends to May 1, at which time it went to press.
